

Types of Resolutions:

Fact: Proving whether a statement is true/false

Policy: If you are on the affirmative side, creating a plan to implement the idea in the resolution

Value: Weighing why a side is good or bad depending on which side of the resolution you are on

Judging Criteria: (How the judge should consider your arguments and how they make sense to fit the resolution)

Net Benefits: Most amount of good for the most amount of people

Moral Imperative: What is the most ethical way, what is morally right

On Balance (Always define when using this judging criteria): If you are able to prove yourself side to be true, you win the debate

Preponderance of Evidence: Side that provides the most evidence to prove their claim wins

Definition of Terms: Always define terms that can be interpreted in different ways to help your argument, and define terms that may unfamiliar to the judge

Plan: Used ONLY in policy debates
